ajtópanelek

Cégünk 20 éve foglalkozik műanyag ajtópanelek gyártásával. Mostanra már közel 100 különböző modellt és további üveg és szín választék gondoskodik arról, hogy tényleg egyedivé varázsolja otthonának bejáratát.

A gyártás során mindig fontosnak tartottuk a felhasznált alapanyagok magas minőségi megfelelését, amely biztosítja a kedvező garancia-vállalási időt ügyfeleink számára.

Figyelembe véve a 21. század biztonsági és hő technikai követelményeit, termékeink MDF és acélmerevítéssel, illetve 24, 33, 36, 40, 44, 48 mm vastagságban is rendelhetőek.

A klasszikus ajtópaneljeink mellett 5 évvel ezelőtt kezdtük meg a modern dizájn jegyében az INOX-rátétes ajtópanelek gyártását.

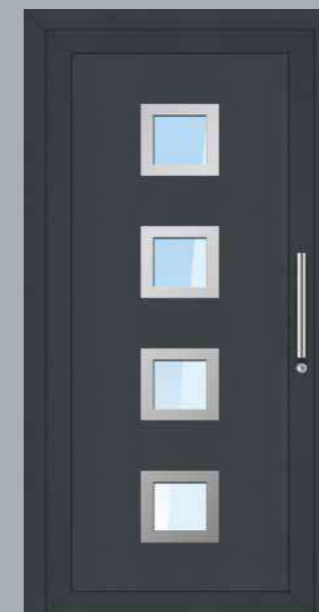

A gyártási technológiánk folyamatos fejlesztése mellett, mára egy dinamikusan fejlődő, megbízható termékcsoporttá váltak ezek az ajtópanelek.

Magyarország teljes területén elérhetőek termékeink, bővebb tájékoztatásért keressen minket bizalommal.
